NanaWall Wood Framed Aluminum Clad Folding Glass Wall

INNOVATION

Clean Aesthetics: The slimmest profiles available and minimal exposed hardware.

Barefoot Friendly: Sill design offers weather resistance while maintaining a low-profile indoor-outdoor transition.

Flexible Stacking: Unlimited widths with panel sets that stack to the left or right with panels inward or outward opening.

Taller Heights: Floor supported panels capable of heights up to 11' 6".

Folding systems are available in three different material choices:

ALUMINUM

WOOD

CLAD

PERFORMANCE

Easy Operation: Smoothest and easiest operation of any folding glass wall.

Energy-Efficient: The energy-efficient design keeps the cold on the outside while maintaining warmth inside.

Seals out Wind and Rain: Specialized seals and design provides superior humidity and water resistance.

Secure and Durable: Tamper-resistant locks engage with the turn of a handle creating a secure barrier.

50 standard color choices are available in powder coat and anodized finishes.

The Monumental,
Minimal Sliding Glass Wall
for Picture Perfect Views.

Superior Performance: Provides exceptional air and water resistance against wind-driven rain from entering the home while the energy-efficient panels keep interiors comfortable all year round.

Easy Operation: The large panels smoothly glide to their open or closed position. Motorization option available.

Design Options: Large panel sizes up to 14' 9", customizable configurations including open corners and pocketing. Multiple sill, glazing, and 50 standard color choices.

FOLDING SYSTEM FINISHES & HARDWARE OPTIONS*

* For zero hardware and configuration options, please see the zero brochure.

Standard 50 Finishes for Aluminum and Clad Systems

50 standard colors are available in powder coat and anodized finishes.
For accurate color swatch examples, please request our Powder Coating Finish Options brochure.

STANDARD POWDER COAT OPTIONS

Custom Color Matching Available

Wood and Clad Systems Finish Options

Standard woods include Sapeli Mahogany, Pine, Meranti, Western Hemlock, and Red Grandis. Contact NanaWall for other wood options.
For accurate wood representation, please request a wood sample.

NANAWALL SLIMLINE STEEL EFFECT

NanaWall offers classic steel look finishes with the NW Aluminum 640 folding glass wall. The thin frames and superior thermal performance of the aluminum NanaWall design aesthetic offers the advantages of aluminum over steel but with the look of steel.

The NanaWall low profile saddle sill* offers a barefoot-friendly design for a smooth indoor-outdoor transition while maintaining superior weather resistance.

* Every space and use case is different, see NanaWall.com for all of our sill innovations.

RESIDENTIAL OPENING GLASS WALLS

THE ONE AND ONLY NANAWALL

At NanaWall, design is as much about how it looks as how it works. For over 35 years, we have been leading the industry in developing and refining our opening glass walls to create solutions that visually harmonize with space, transform the architectural experience, and provide decades of enduring performance.
